

About the Southern AIDS Coalition (SAC)

The Southern AIDS Coalition (SAC) was formed in 2001 as a membership organization of government representatives, corporations, and community advocates. This unique partnership is borne from the burgeoning numbers of people whose new infection rates are much higher than the rest of the U.S. population. SAC highlights that federal funds do not meet the needs of those living with HIV in the South and are not equally distributed across the country. SAC works to provide southern citizens an opportunity for adequate HIV/AIDS prevention information, treatment, and health care. SAC is a federally recognized 501(c)3.
